Gold Communications

# Audio Devices Compatible with Microsoft® UC

Microsoft Lync® makes joining and managing conferences, searching the Global Address List, and viewing presence information easy.

## Wireless Solutions

### Savi 700 Series

One intelligent headset to manage PC, mobile and desk phone calls

### Savi 400 Series

Manage PC voice communications and multimedia

### Voyager Legend UC

Unify communications between PC and mobile phone calls

## USB Solutions

### Blackwire 300 Series

Entry-level PC communications, economically designed for enterprise-wide deployment

### Blackwire 435 Series

High quality PC voice and multimedia audio in a durable, modular design

### Blackwire 500 Series

Corded USB headset with Smart Sensor™ technology; perfect companion for your PC calls and multi-media

### Calisto 620

The perfectly portable, wireless speakerphone that takes unified communications on-the-road

### Calisto 800 Series

Connect and seamlessly switch between PC, mobile, and home phone

### Blackwire 700 Series

The premium UC headset to seamlessly manage calls from your PC or mobile device

## Remote Call Control for Wireless and USB Solutions

Plantronics products optimized for use with Microsoft do not require Plantronics software (Spokes) for remote call control. However, installing Spokes may provide additional functionality (e.g., ability to customize device settings, automatic product updates, battery status meter for wireless products, etc.)
